

EtherCAT Slave Interface Board

Features

- PC Card c1x Compact PCI for Real-Time Ethernet
- Master or Slave
- Communication interface with Compact PCI and Ethernet interface

Power Supply

- Supply voltage: +3.3 V DC $\pm 5\%$
- Maximum current (typically): 650 mA (at 3,3 V)
- Connector: Compact PCI Bus

System Interface

- Bus type: Compact PCI
- Data width: 32-Bit
- Transmission rate: 33 MHz

Device

- Dimensions (L x W x H): 162,2 x 100 x 20 mm
- Mounting/Installation: Compact PCI slot (3,3 V)

Communication Interface

- Communication standard: Ethernet
- Interface type: 10 BASE-T/100BASE-TX, isolated
- Connector: 2 x RJ45 socket

Order Information

Article Description	EtherCAT Slave Interface Board-6U for 19"	EtherCAT Slave Interface Board-3U for RoadBox
Order Number	IO-F752-00-3U	IO-F752-00-6U
